

September 2, 2021

Bobcat Nation,

Throughout the world we are hearing about supply shortages and disruptions, and perhaps some of you have experienced delayed orders that have impacted your business or home. Celina ISD was recently notified by our food distributors that future deliveries would be negatively impacted by the shortages they are also experiencing. It is our understanding that districts all across the nation are being impacted.

We have been thrilled with the number of kids taking advantage of the free breakfast and lunch program Celina ISD is providing this year. While we pride ourselves in offering our students multiple menu items for breakfast and lunch, unfortunately the challenges our suppliers are facing will limit some of these selections for our kids. Our Food Service Department is working hard to create new recipes with the supplies we do have, and we will continue to update menus based upon present stock.

Our children will be fed nutritious meals, and certainly we intend to provide as many options as possible for our children. We appreciate your support as we work through these challenges.

Thank you,

Dr. Tom Maglisceau
Celina ISD Superintendent of Schools
