## **Celina ISD**

### **iPad Program Manual**

Celina Independent School District uses Instructional Technology as a method of achieving the mission to prepare and inspire all students for life-long success by teaching the skills, knowledge, and behaviors that students will need as responsible citizens in the global community. Students learn collaboration, communication, creativity and critical thinking in a variety of ways throughout the school day. Excellence in education requires technology to be seamlessly integrated throughout the educational program. In an effort to increase access to 21st century skills, Celina Independent School District has made it a goal to use a phased-in, age-appropriate process incorporating iPads into classrooms.

This initiative is a carefully constructed process that takes into account the age of the students and how curriculum is best presented. The individual use of technology is a way to engage and empower students to maximize their full potential and to prepare them for college and the workplace.

An important component of this iPad initiative will be education about digital citizenship and appropriate online behaviors. We will review cyber-safety rules with students frequently throughout the school year and will offer reminders and reinforcement about safe online behaviors. It is also an opportunity for teachers to show students how to use technology responsibly and teach them Internet etiquette. All internet activity is filtered and monitored.

The policies, procedures and information within this document apply to all iPads used in Celina ISD. Teachers may set additional requirements for use in their classroom.

## 1. RECEIVING AND RETURNING YOUR iPad

### a. Receiving Your iPad

iPads will be distributed in August of the coming school year.

6th thru 12th grades will keep their iPad with them at all times.

Pre-K thru 5th grades will keep their iPad in their classroom until such time as it is necessary for them to take it home for remote learning.

**Parents and students must sign and return the iPad Agreement and the iPad Acknowledgement Form prior to receiving an iPad.**

### b. Returning Your iPad

Any student devices may be checked-in/reviewed or permanently taken up at any time during the academic school year. If a student withdraws, is placed in an alternative educational setting, or is expelled from Celina ISD prior to the end of the school year, the iPad will be returned at that time.

### c. Failure to Return the iPad

If a student fails to return the iPad and accessories upon exiting Celina ISD, the student and/or parent will be responsible for the replacement cost of the iPad or may be subject to criminal prosecution or civil liability. Failure to return or pay for the iPad will result in a theft report being filed with the Celina Police Department.

## 2. CARE OF YOUR iPad

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken or fail to work properly should be taken to the appropriate district personnel for an evaluation of the equipment.

### a. General Precautions

The iPad is the property of Celina ISD and all users will follow these policies and the Responsible Use Guidelines For Technology.

- Only use a clean, soft cloth to clean the screen (no cleansers of any type).
- Cords and cables must be inserted carefully into the iPad to prevent damage.
- iPads and cases must remain free of any writing, drawing, permanent stickers, or labels that are not the property of Celina ISD.
- Students are responsible for keeping their iPad battery charged for school each day.

### b. Carrying iPads

The protective cases provided with iPads have sufficient padding to protect the iPad during normal use and provide a suitable means for carrying the device within the school. iPads should always be within the protective case when carried.

### **c. Screen Care**

The iPad screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the iPad when it is closed.
- Do not place anything near the iPad that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Clean the screen with a soft, dry cloth or anti-static cloth.
- Do not “bump” the iPad against lockers, walls, car doors, floors, etc., as it will eventually break the screen.

## **3. USING YOUR IPAD AT SCHOOL**

iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, calendars and schedules may be accessed using the iPad computer. Students are responsible for bringing their iPad to all classes, unless specifically instructed not to do so by their teacher.

### **a. iPads Left at Home**

If students leave their iPad at home, they are responsible for getting the course work completed as if they had their iPad present. If a student repeatedly leaves their iPad at home, they may be subject to disciplinary consequences.

### **b. iPad Undergoing Repair**

In the case of manufacturer’s defect, loaner iPads may be issued to students when they leave their iPads for repair in the tech center. There may be a delay in getting an iPad should the school not have enough to loan.

### **c. Charging Your iPad’s Battery**

iPads must be brought to school each day in a fully charged condition. Students need to charge their iPads each evening. Repeat violations of this policy may result in the imposition of disciplinary consequences.

### **d. Lock Screen/Background Photos**

- Inappropriate media may not be used as a lock screen or background photo.
- Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang-related symbols or pictures will result in disciplinary actions.

Free wireless access will be provided by Celina Independent School District. The District is not responsible for personal charges for accessing other wireless connections or other data charges.

**f. Saving Documents and Other Work**

For document storage, students are encouraged to email documents or save work on district-approved applications, including Google drive.

**4. SOFTWARE ON iPADS**

**Installed Software and Applications**

The software/applications installed by Celina ISD must remain on the iPad in usable condition and be easily accessible at all times. From time to time, the school may add or remove software applications for use in a particular course.

**5. RESPONSIBLE USE**

With the iPad Initiative, you are being given access to Celina ISD’s electronic communications system. Through this system, you will be able to communicate with other schools, colleges, organizations, and people around the world through the Internet and other electronic information systems/networks. You will have access to hundreds of databases, libraries, and computer services all over the world.

With this opportunity comes responsibility. It is important that you read the **Responsible Use Guidelines** and ask questions if you need help in understanding them. It will be your responsibility to follow the rules for appropriate use. Inappropriate system use will result in the loss of the privilege of using this educational and administrative tool.

Please note that the Internet is a network of many types of communication and information networks. It is possible that you may run across some material you might find objectionable. While Celina ISD will use filtering technology to restrict access to such material, it is not possible to absolutely prevent such access. It will be your responsibility to follow the rules for appropriate use.
